

## **Bonaire Named Top Caribbean Dive Destination For Six Years Running Also Boasts Luxury Dive Resort - The Harbour Village Beach Club**

*Scuba Diving Magazine recently named Bonaire as the Caribbean's top dive destination for the sixth consecutive year. Yet, Bonaire is not as well known for its luxurious accommodations. The Bonaire resort Harbour Village Beach Club challenges that stereotype by offering so much more than a place to dive.*

Miami, FL ([PRWeb](#)) December 13, 2007 -- The Caribbean Island of Bonaire is known as one of the top dive locations in the world. In fact, Bonaire is continuing its reign as one of the world's top dive destinations by being name the number one top dive destination for the Caribbean in Scuba Diving Magazine's Readers Choice Awards 2008. However, it is not known for its luxurious vacation accommodations. The Bonaire resort, Harbour Village Beach Club eliminates that stereotype by offering the perfect combination of big island luxury with small island charm.

"Harbour Village Beach Club is the only five star [Bonaire resort](#). We offer so much more than diving with our private beach, luxurious beachfront suites, spa, fitness center, outstanding dining options, full service marina, tennis courts, freshwater pool and of course, a full service dive and water sports center," states Oscar Haack, General Manager at Harbour Village Beach Club.

Along with all the luxury amenities, Harbour Village Beach Club also offers top-notch dive operations from Great Adventures Bonaire. "My husband and I are avid divers and have dived all over the world. We would rate the resort's dive operator as one of the best we've experienced," states Jodie Richardson from Columbus Ohio.

Available right on the premises of the hotel, Great Adventures Bonaire features three daily boat dives that include chilled juices right on the boat. For those wanting to try something different, they also feature thrilling night dives. "Instruction is provided for divers of all levels -from the beginner looking to achieve the resort course level all the way to certification and specialty courses," Haack explains.

In addition, Harbour Village offers customers a classroom, rental equipment, retail facility and gear storage lockers. However, what keeps customers coming back is the fact that the dive shop and dive dock are located just steps from their luxurious rooms and beachfront suites. "Customers appreciate the fact that they can literally walk out of their room and be ready to dive within minutes," states Mr. Haack. "It makes the whole dive experience so easy."

A walk around the luxurious grounds is a feast for the senses, as the lush landscaping is a stark contrast to the island's desert topography. In addition to beautiful surroundings, the rooms are outfitted with every amenity possible like wireless internet, LCD flat panel televisions, HV signature bath amenities, iPod docking stations, luxury foam mattress toppers, comfortable hammocks and so much more.

Any dive enthusiast looking to combine their love of diving with a stay at a luxurious [Bonaire resort](#) is encouraged to book a Harbour Village vacation package to discover the ultimate in diving luxury.
