

Caribbean Vacation Packages For Every Type of Vacationer

Summary: There are Caribbean vacation packages that fit different vacationers' interests. The island of Bonaire alone has resorts that cater both to the adventure seekers and those who just want to sit back and relax.

Body: Which Caribbean vacation packages you avail of largely depends on what type of beach vacationer you are. Are you looking for adventure, romance or just a place to unwind? Who do you want to spend the vacation with? What activities do you plan to do during your stay? The island of Bonaire alone offers a smattering of resorts and beach clubs, which cater to diverse interests and expectations. Located just outside of the hurricane belt, the Caribbean island enjoys fair weather almost all year round. It is a prime spot for island vacations of all types.

Since Bonaire is best known for its pristine coral reefs and spectacular diving spots, the most sought-after vacation packages are those that include sponsored diving expeditions. Adventure seekers and lovers of the sea can take advantage of the package features, which includes the provision of basic diving apparatus (tanks, weights, belts) and several days of unlimited shore diving. Such vacation packages are usually only made available for certified divers for safety reasons.

For those who prefer chill over thrill, spa vacation packages are the perfect choice. Many vacationers go to the secluded tropical Caribbean shores to break away from the fast paced, noisy, crowded hustle and bustle of modern metropolitan life. They want to escape the stress brought by their daily routine and enjoy the laid back ambience set by sunny skies and calm shores. Spa treatments can only make the getaway more enjoyable.

Some hotels even offer romantic Caribbean vacation packages, which set the stage for couples who wish to enjoy each other's company the way it plays out in romantic movies, complete with candlelit dinners by the beach.
